Product Description

Where hygiene is a priority, choose Scott® Control™ Hand Towels. These gentle rolls are now stronger, last longer and are designed to minimise risk and help with germ and contamination control. Gentle rolled hand towels that are kind to the skin for frequent hand drying in hygiene critical environments. Provides 40% more hand dries versus competitor systems, meaning fewer refills. Brand embossed and designed to be kinder to hands to actively encourage hand hygiene compliance. Our unique Airflex™ Technology results in superior absorbency, so you can reduce the risk of cross contamination Compatible with the one-wipe-clean Aquarius™ Rolled Hand Towel Dispenser in white (code 7375) or black (code 7376), the most hygienic dispenser available. European Ecolabel certified for environmental assurance. Food contact certified. Each case contains 6 x 300m 1 ply rolls. 6 x 300m = 7,200 sheets, white, 1 ply rolled hand towels (1,800m total)

Product Data Sheet for Scott® CONTROL™ Hand Towels - Roll / White - 6622

International Standards and Symbols

Solution

Healthier Workplace

The HEALTHY WORKPLACE PROJECT* is a comprehensive office hygiene programme which helps engage employees and reduce sickness.

Standard R+E

Food Contact Regulations

This product is suitable for food contact and complies with Regulation (EC) No. 1935/2004. Furthermore, nitrile rubber gloves comply with Regulation (EC) No. 10/2011 and German Recommendation, BfR No. XXI, and paper products comply with German Recommendation, BfR No. XXXVI.

AIRFLEX* Technology

AIRFLEX*

Compression

KIMBERLY-CLARK PROFESSIONAL* is using new air compression technology to fit up to 18% more paper hand towels into each case, resulting in a range of commercial and environmental benefits. The technology is being applied across a range of KLEENEX and SCOTT Hand Towels manufactured using AIRFLEX* Fabric. Compressed AIRFLEX* Fabric towels will continue to offer superior absorbency and strength and outstanding levels of hygiene and comfort. Along with the following additional benefits: Environmental, it means more towels per truck so fewer trucks on the road. Packaging waste is also reduced. End-users will now need to use less warehouse storage space for the same amount of hand towels, while more towels in each sleeve will mean fewer refills are required.

Trade

ISO 14001

ISO 14001 is an international environmental standard. Designed to help organisations ensure that operations comply with environmental laws, and; major environmental risks and liabilities are properly identified, minimised and managed.

ISO 9001

This gives the requirements for quality management systems, is now firmly established as the globally implemented standard for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.

Regulation (EC) No 66/2010 of the European Parliament

The European Ecolabel scheme encourages businesses to market products and services that are kinder to the environment. Only products that meet strict environmental standards are entitled to use the Ecolabel accreditation.
