Arielimp is a traditional hand dryer equipped with a sturdy vandal proof stainless steel cover. Designed for medium-high traffic environments, this device is operated by a powerful brush motor which produces an abundant warm air flow passing through a wide nozzle. It comes with an infrared sensor for handsfree use and a built-in safety feature to automatically shut the dryer off after 180 seconds. COMFORT IN USE - Arielimp offers a conventional "hands-under" drying style. The drying zone is wide and easily accessible by anyone, enabling users with varying levels of mobility to dry themselves effectively. INSTANT HOT AIR - The dryer incorporates a heater, an element that allows for the instantaneous preparation of hot air contributing to increased comfort during the winter. TOUCHLESS TECHNOLOGY - Arielimp automatically turns on when hands are

**PRODUCT SHEET**

placed underneath the air outlet. The touch-free automatic activation promotes hand hygiene, without the risk of cross-contamination. **VANDAL PROOF** - The stainless steel covers are designed to withstand tampering or impacts of blunt objects thrown vigorously by vandals. These kinds of covers are ideal in high traffic areas. **360° ROTATING NOZZLE** - The dryer comes with a 360° rotating nozzle, enabling hands, faces, hair or clothes to be dried safely and easily. This feature makes Arielimp great for leisure facilities and gas stations.
