

FICHE TECHNIQUE

Ref. 1688-ZSRM PRO

Shoe mod. 'LUSITANIA'. Brown suede boot S1P 'Metal Free' with dual density polyurethane sole.

Applications: General use (Safety Footwear) and especially jobs requiring footwear without nonconductive metal parts (Metal Free), with high anti-slip ratio (SRC) or when lighter (with non-metallic protection) and more flexible (with non-metallic anti-perforation insole) footwear is needed.

Characteristics and benefits: Combined suede leather with high performance fabric and high resistance to rips and tears.

'Metal Free'. Footwear without metal components. Anti-perforation insole and non-metallic safety stop.

Polyurethane dual density sole maximum anti-slip SRC ratio.

Category: S1P SRC E A .

Taille 39|40|42
